### CQC Clarity Business Reporting Solutions

CQC's highly qualified and experienced consultants are able to design, plan and implement exceptional Clarity solutions. CQC have now expanded their Clarity reporting services to help customers take advantage of the new Business Objects capabilities.

To provide clients a with a single point of responsibility and a unique skills mix of Business Process Management, Clarity, Business Objects, and BI expertise, CQC has formed a strategic partnership with the BI industry leaders 6pm.

Through CQC the partnership will provide a comprehensive range of services:

- **Clarity Reporting Assessments** – review your current reporting environment and deliver a road map of recommendations to maximise the value of new Business Objects functionality.
- **Fast Track Report Migration** – as the Clarity support moves to Business Objects this service enables existing Actuate reports to be migrated and tested to protect report service to the user community
- **New Report Design & Build Services** – in situations where the report design needs to be reviewed and changed, or new reports are needed to better meet the business requirements our unique design services can be used:
  - ✦ 6pm's quick BI Tool and report design workshop for high user adoption
  - ✦ Clarity and Business Objects functional design
  - ✦ Agile development.
- **Business Objects Training** – for clients using Business Objects design tools who require user training we can deliver standard or bespoke training to meet the specific needs of the business
- **Help Desk and Support Services** – covering both Clarity and Business Objects support and incidents through a single help desk.

**"We are delighted to partner with CQC Solutions. This gives Clarity customers access to a unique combination of Clarity and IM consultancy through a single customer interface. CQC and 6pm both have an enviable reputation for providing high quality services focussed on delivering business benefits for their clients."**
